GOG electrical

ZHEJIANG GENO ELECTRICAL CO., LTD, founded in 2010, is a national high-tech enterprise focusing on household appliances and aesthetic lighting, integrating R&D, manufacturing, trade, service and other functions. The registered capital of the company is 106 million yuan, the plant construction area is more than 100,000 square meters, and more than 2,000 employees.

Main products: switch socket, lamps and lighting, Integrated bath heater, intelligent switch panel, hospital and hotel intelligent, **electrical accessories and other 50 series of more than 1000 varieties of products**, the annual sales of more than 500 million sets, products sold in more than 30 countries and regions around the world.

With a nationwide layout and coordinated development, Geno owns three major automation industry production bases, Wenzhou Electrical production base, Zhongshan Lighting production base and Jiaxing Integrated bath heater production base. It has many subsidiaries including **Geno Electrician, Geno Lighting, Geno Household, Geno Plastic, Geno Alloy, Geno IOT and so on.**

HONOR

Partial

International specialized and special new small giant enterprise
National high-tech enterprises
Zhejiang manufacture "quality" word certification
High performance smart electrical switch Research Institute
Postdoctoral workstation
Scientific and technological innovation enterprise
President Company of Longwan Electrical Appliance Association

QUALIFICATION

Partial

China Green Product Certification
International laboratory accreditation Certificate - CNAS certification
China two integration management system evaluation certificate
ISO 90012015 Quality Management System Certification
ISO 140012015 Environmental Management System certification
ISO 0450012018 Occupational Health and Safety management system certification
AAA level abided by the contract and credit enterprises

PATENTS

Partial

Self-resetting Wall Switch (Invention patent)
Smart control 5 pin socket sensor lamp (Invention patent)
A multifunctional socket capable of adjusting distance (Invention patent)
A power socket with an replaceable sockets modules (Invention patent)
A method for assembling a connect switch base (Invention patent)
A new type of panel (Invention patent)
A smart socket with sensor footlight (invention patent)

GOElectrical

M30 SERIES

APPRECIATING MINIMALIST DESIGN

Bold and heroic design performance, the texture of the gold brushed, the sharpness of the straight, cohesion of the focus of the masses. The sense of power comes firstly from its hard and sharp lines, and its tension is unstoppable.
